EXPANDER STATION - ROTATION LOG

Task: Expanding mat / repetitive motion | Rotation goal: 60 min max per person | Week of: _____

Date	Shift	Employee	Start Time	End Time	Task/Rotation Notes	Supervisor Initial

Instructions: Each employee rotating onto the expanding mat task logs the date, shift, start/end time, and any rotation notes. Supervisor initials at end of each shift. 60-minute rotation maximum per person per session to reduce repetitive strain risk.
